

Specifications:

1. Power Frequency Flashover: Dry:110KV
Wet:75KV
2. Lightning impulse flashover: Positive:140KV
Negative:160KV
3. Specified mechanical load(SML):70KN
4. Routine test load(RTL): 35KN
5. Leakage distance: 420mm
6. Dry arcing distance: 203mm
7. Standard: IEC61109
8. Color: Grey
9. Manufacturing method: One completely molded

General Tolerance	
≤30	±1.5mm
>30	±5%
Weight	±15%

AISLADOR DE POLIMERO PARA 13 KV.
