

Main technical specifications:

1. Rated voltage: 15KV.
2. Rated current: 100A/200A.
3. Dry Impulse withstand voltage:
to earth and between poles: 75KV.
across the isolating distance: 85KV.
4. Power frequency withstand voltage 1min. dry and wet:
to earth and between poles: 30KV.
across the isolating distance: 35KV.
5. Creepage distance: 220mm.

General Tolerance	
≤30	±1.5mm
>30	±5%
Weight	±15%
